Celebrating our Heritage – Enhancing our Environment – Shaping our Future

MURALS IN MORECAMBE

Lancaster Civic Vision Guide 107

There is a lot of excellent public art in Morecambe. In Guides 12 and 13 in this series we look at the art works along the Promenade and between the railway station and the Stone Jetty, much of which has a bird theme. In Guide 102 we feature the well-known statue of Eric Morecambe on the Promenade.

In this Guide we look at the many murals painted on gable ends and other structures in Morecambe. Large and colourful, they mostly commemorate key aspects of the town's heritage – its fishing community, famous citizens and holidaymakers. In this guide we show only a small selection of Morecambe's many murals.
